2024-2025 Season

With exuberance and joy, the Wellesley Symphony Orchestra shares our belief that live music brings all people together.

The Wellesley Symphony Orchestra is proud to present a small group of musicians to perform a program of short pieces for your enjoyment and enrichment. The musicians will introduce and demonstrate their instruments and engage you in learning how music works and how musicians play together.

The program is designed for all members of your family - all ages! Join us to have fun and learn!
